

3D WELDING AND ASSEMBLY TABLES FROM FÖRSTER

FAST AND PRECISE WORK - EXTREMELY FLEXIBLE AND INTUITIVE DUE TO VARIABLE RAIL SYSTEM

ADVANTAGES

Our patented T-nut rail system and innovative clamping elements make it possible to position assemblies safely and efficiently.

Benefit from a time saving of up to 85 % when clamping assemblies with accurate dimensions and angles.

PROPERTIES

FÖRSTER welding tables are equipped with heavy-duty rails made of weld-spatter resistant special grey cast iron (GCI) or a non-ferritic alloy (Al/Cu).

The rails can be removed individually the table surface.

This means that even bulky welding assemblies can be clamped comfortably.

Point loads up to 1.5 t, surface loads up to 3.0 t as well as a surface evenness of +/- 0.05 mm characterise our welding tables.

MODELS

All models are available as stationary height-adjustable version or in a mobile version available.

Surface optionally with rails made of cast iron (GCI) or non-ferritic rails (Al/Cu).

Highest quality, Made in Germany!

Model overview

Table size	Material	Table high	Variant	Item number
1000 mm x 1200 mm	GCI Al/Cu	835 mm - 945 mm / 855 mm 835 mm - 945 mm / 855 mm	stationary / mobile stationary / mobile	65111012 / 65811012 65121012 / 65821012
1800 mm x 1200 mm	GCI Al/Cu	835 mm - 945 mm / 855 mm 835 mm - 945 mm / 855 mm	stationary / mobile stationary / mobile	65111812 / 65811812 65121812 / 65821812
2000 mm x 1000 mm	GCI Al/Cu	835 mm - 945 mm / 855 mm 835 mm - 945 mm / 855 mm	stationary / mobile stationary / mobile	65112010 / 65812010 65122010 / 65822010
2400 mm x 1200 mm	GCI Al/Cu	835 mm - 945 mm / 855 mm 835 mm - 945 mm / 855 mm	stationary / mobile stationary / mobile	65112412 / 65812412 65122412 / 65822412
3000 mm x 1200 mm	GCI Al/Cu	835 mm - 945 mm / 855 mm 835 mm - 945 mm / 855 mm	stationary / mobile stationary / mobile	65113012 / 65813012 65123012 / 65823012
3000 mm x 1500 mm	GCI Al/Cu	835 mm - 945 mm / 855 mm 835 mm - 945 mm / 855 mm	stationary / mobile stationary / mobile	65113015 / 65813015 65123015 / 65823015

GCI - grey cast iron for steel and aluminium processing / Al/Cu - aluminium-copper alloy for sensitive stainless steel processing
Intermediate or special sizes on request
